GROWING STRONGER

During the past twenty-five years, Harding has grown from a small school with only twelve graduates to one of the largest schools in Memphis. Harding has excelled in such areas as sports, band, forensics, and drama. Harding knows the thrill of winning and the despair of losing. But Harding is made up of not only outstanding organizations, but also outstanding individuals. It is these individuals growing stronger spiritually, academically,, and physically that have made Harding number one.

FROM 50 TO 2800

Memphis Christian School was opened at the Normal Street Church of Christ in the fall of 1952. Members of the first board of director's were: Jesse Fox, Crawford Allen, Roy Pritchard, L. M. Graves, L. A. Sisco, O. O. Emmons, and Howard Van Eaton. On the steering committee were: S. C. Brewer, Bennie Cook, and E. J. Bonner. The first principal was Mrs. Mary Nell Powers.

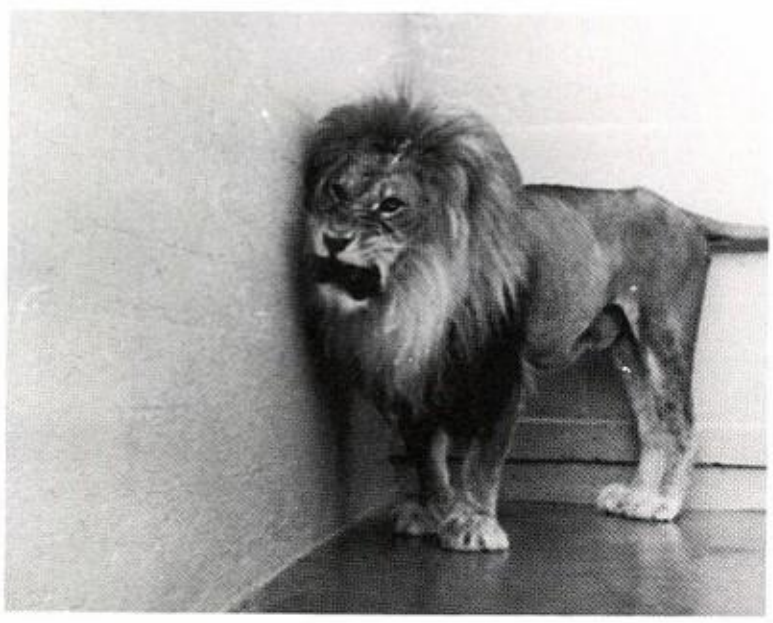
In 1955, Memphis Christian School moved to Cherry Road as the King Estate was purchased for a sum of 300,000 dollars. This building is currently the Harding Graduate School of Religion. Harding College assumed control of Memphis Christian in 1957 and the school's name was changed to Harding Academy. Construction at the high school was completed in 1957. A gymnasium and football field were also added. In 1958, six classrooms were added in the elementary building. This building is now the Junior High building.

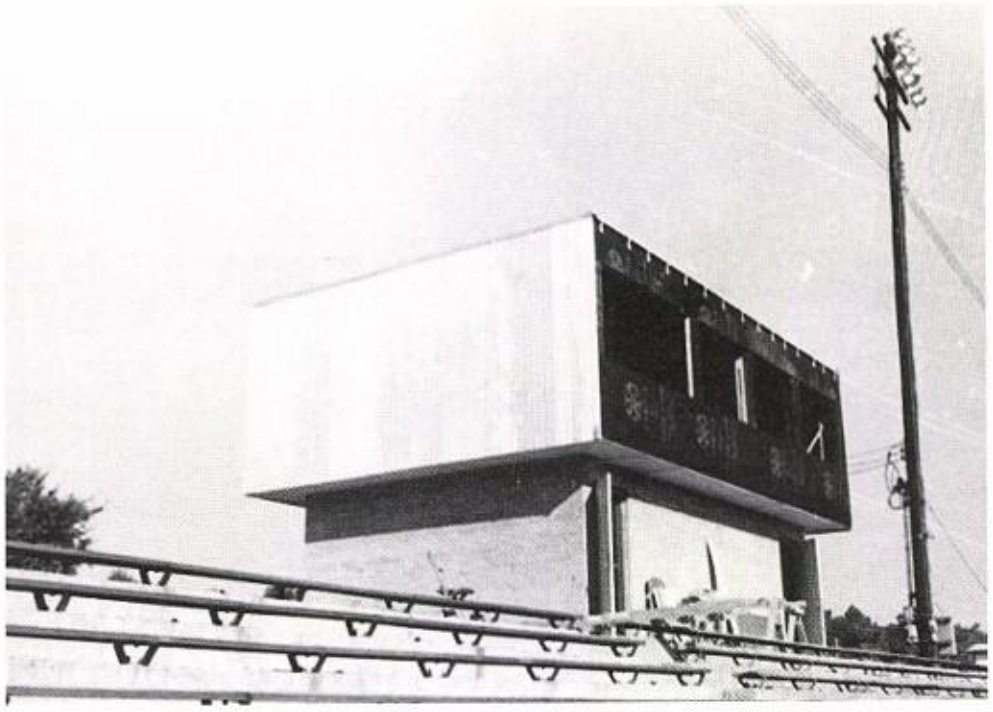
Dr. Harold Bowie came to Harding in 1961 and took over the reigns of one of Memphis' fastest growing private schools. Dr. Bowie continues to gain respect for the excellent job he has done.

The first branch elementary was at Holmes Road Church of Christ in 1964. Other branches include Whitehaven, White Station, Raleigh, Union Avenue, East Frayser, Macon Road, Wooddale, and Brownsville.

Friends of the school contributed to build a 1600 seat auditorium which was named after O. O. Emmons. Harding's Second Mile Campaign was one of the greatest events ever in Harding's twenty-five year history. Over a million dollars was raised to build a new gymnasium, cafeteria, library, bus garage, and ten new classrooms. There were auctions and bonds were sold to raise money for the school. Most of the money came from donations.

Fourteen new classrooms were added on in 1974. Tennis courts and two patios were also built that year. Six new classrooms and a gymnasium are under construction. This gymnasium will be used as a girl's gym for physical education classes. These new additions to the Harding campus will be completed next year.





STILL THE ONE
AFTER 25 WONDERFUL
YEARS

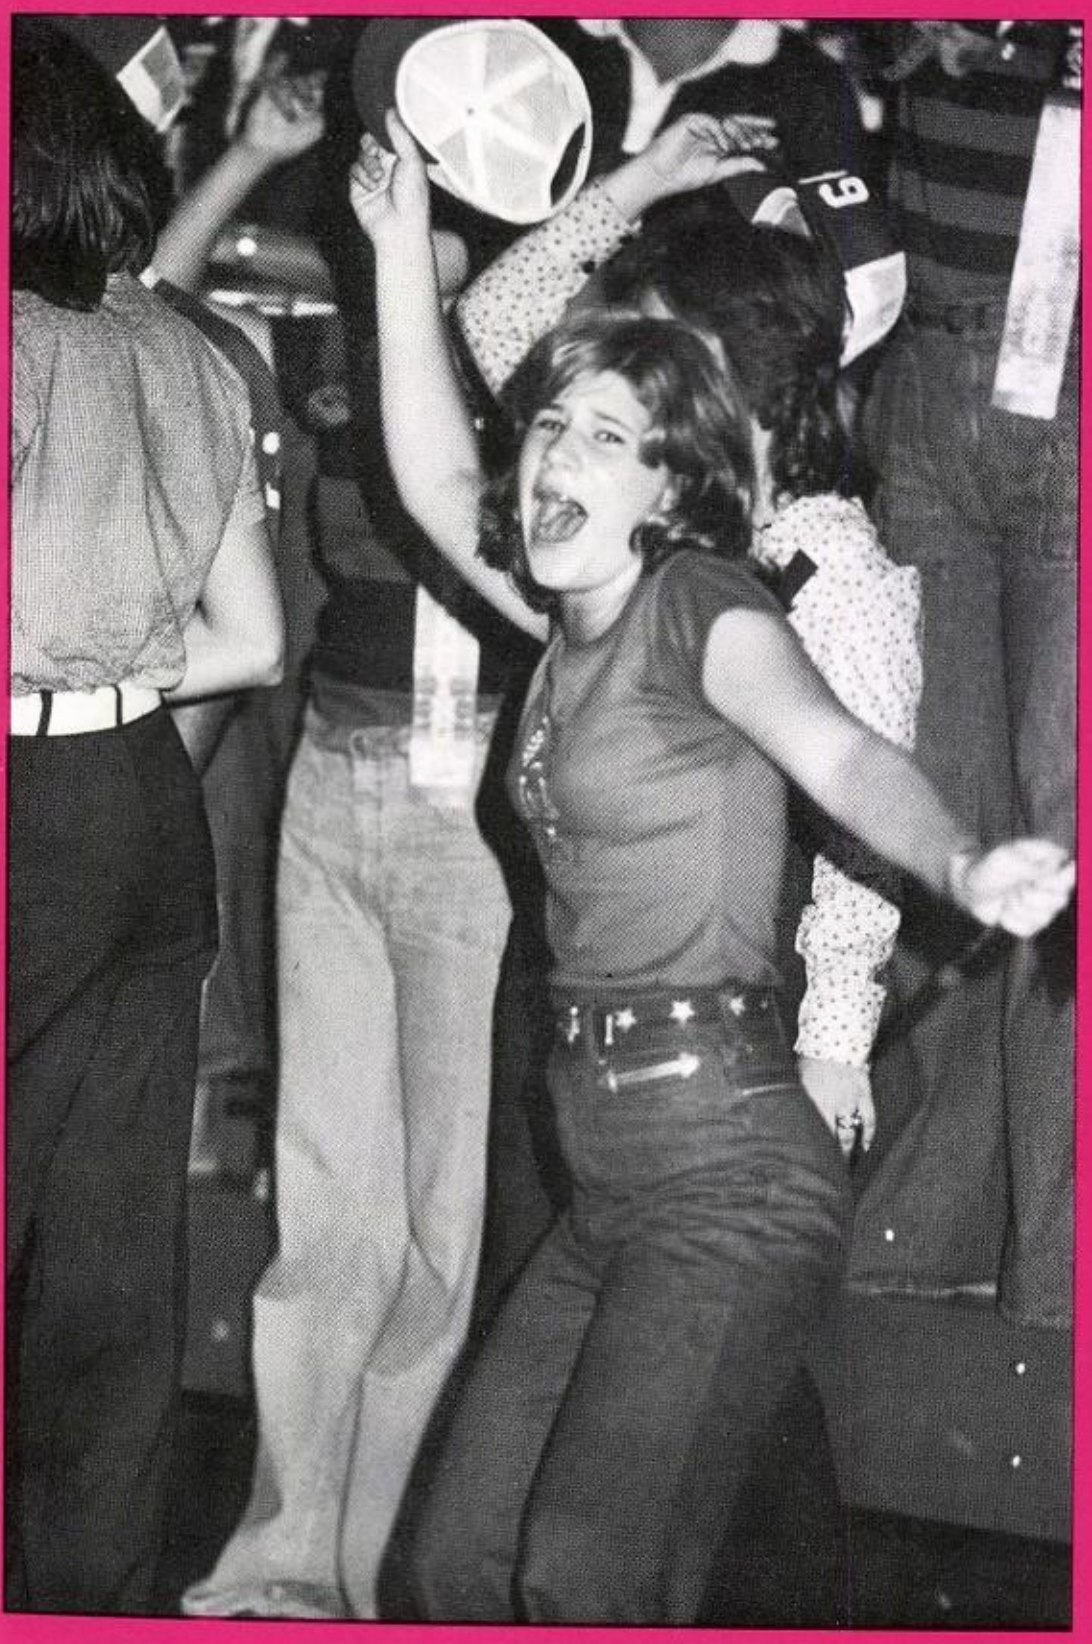
is your spirit showing?

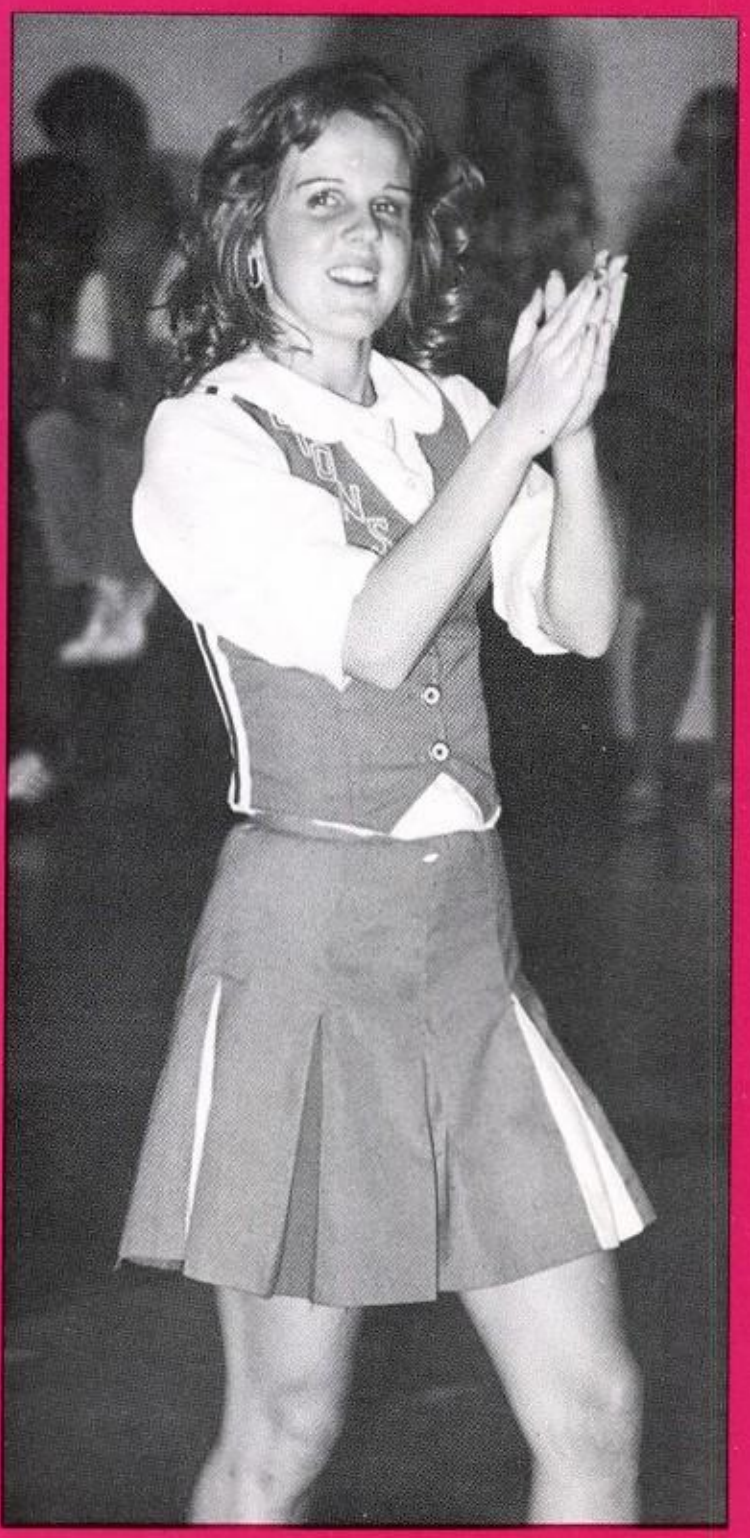
The usual school year. It starts out with a bang and ends with a bang, with its middle wandering aimlessly in oblivion.

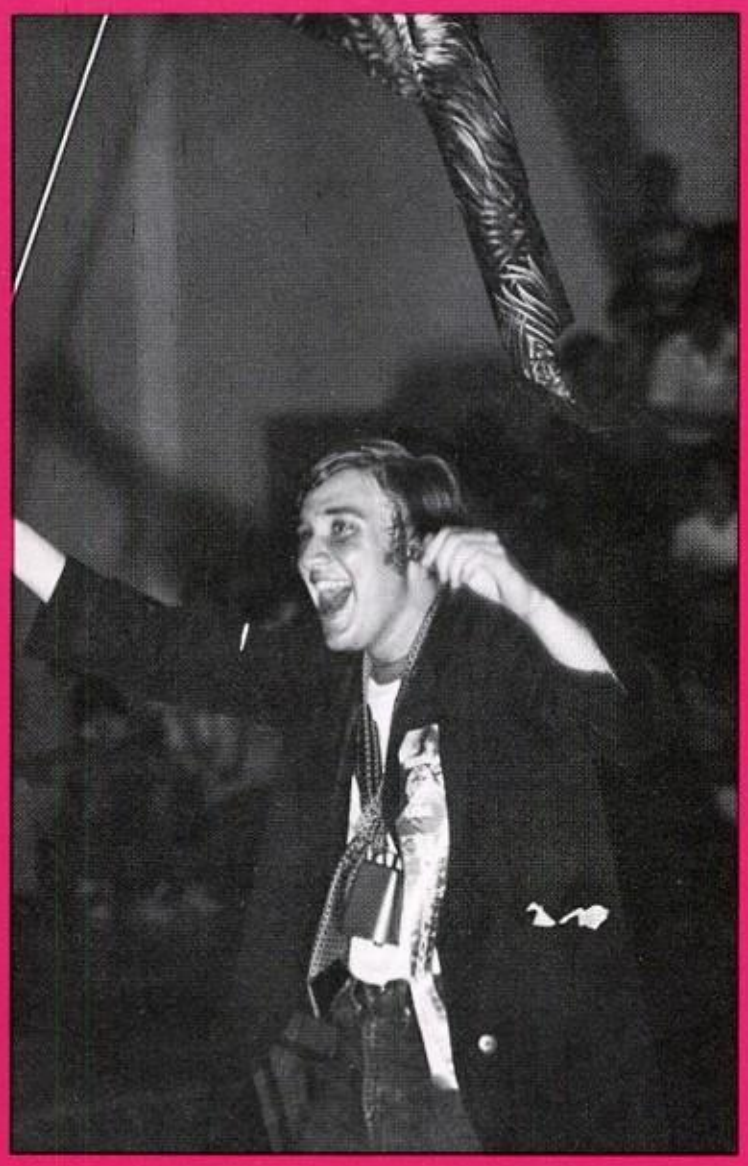
The year 1978. It started with a bang, but the enthusiasm did not lessen. Never before had such spirit been exemplified.

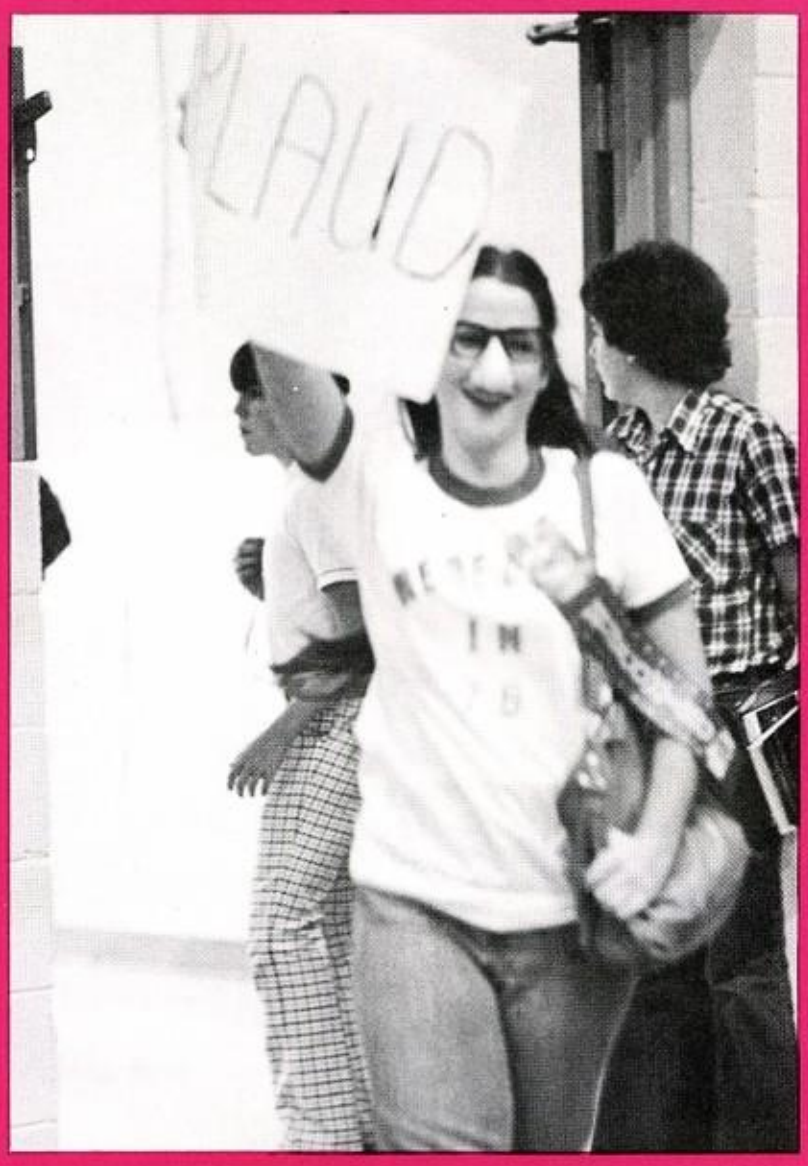
During Homecoming. Our spirit could not be matched. Seniors, Juniors, Sophomores, and Freshmen all competed to prove which class was the best. This battle would not have had any meaning at all if the entire student body had not been "one in spirit."

After Homecoming. The floats are gone and the halls are bare, but the light is still shining. There are still whispers . . . bright eyes . . . smiles . . . laughter . . .

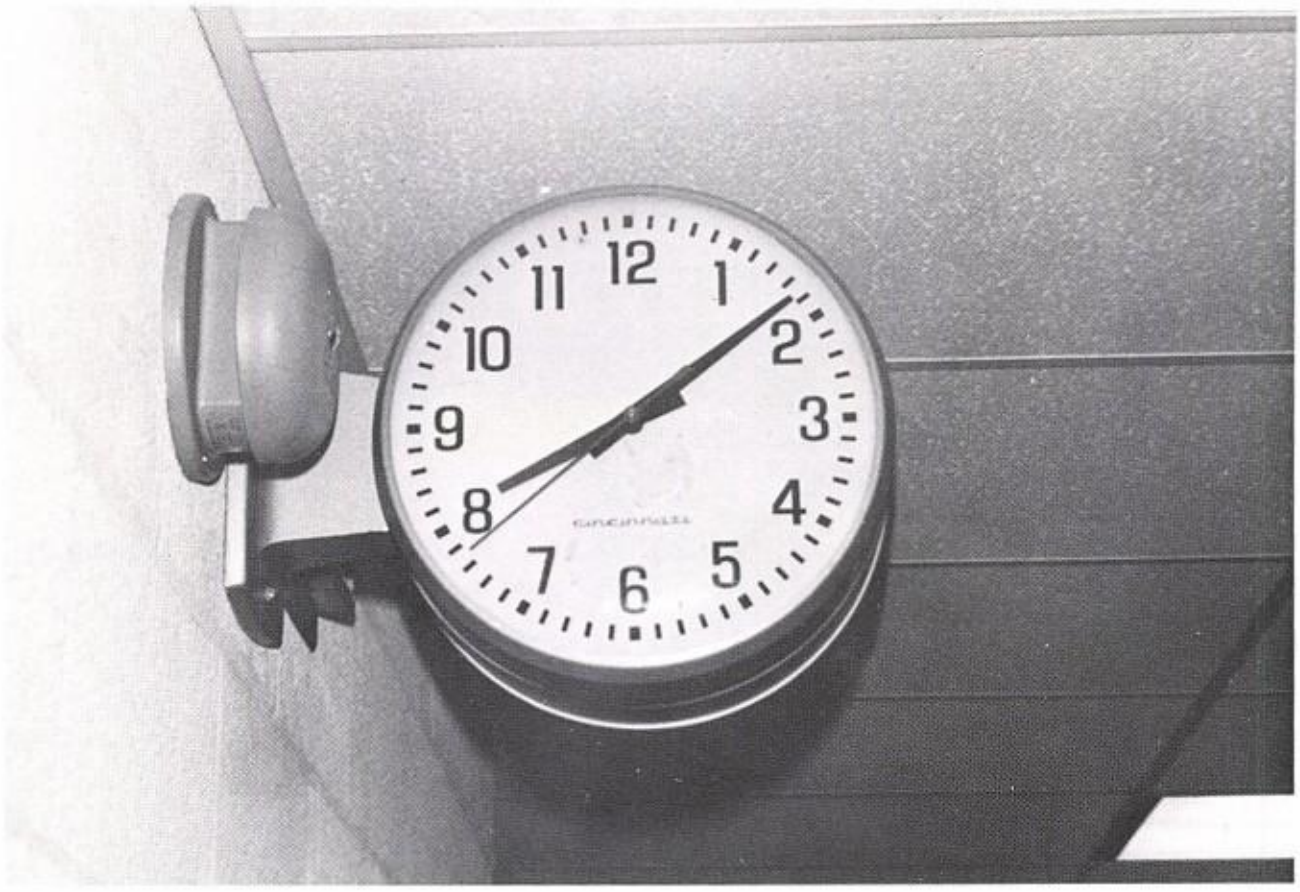




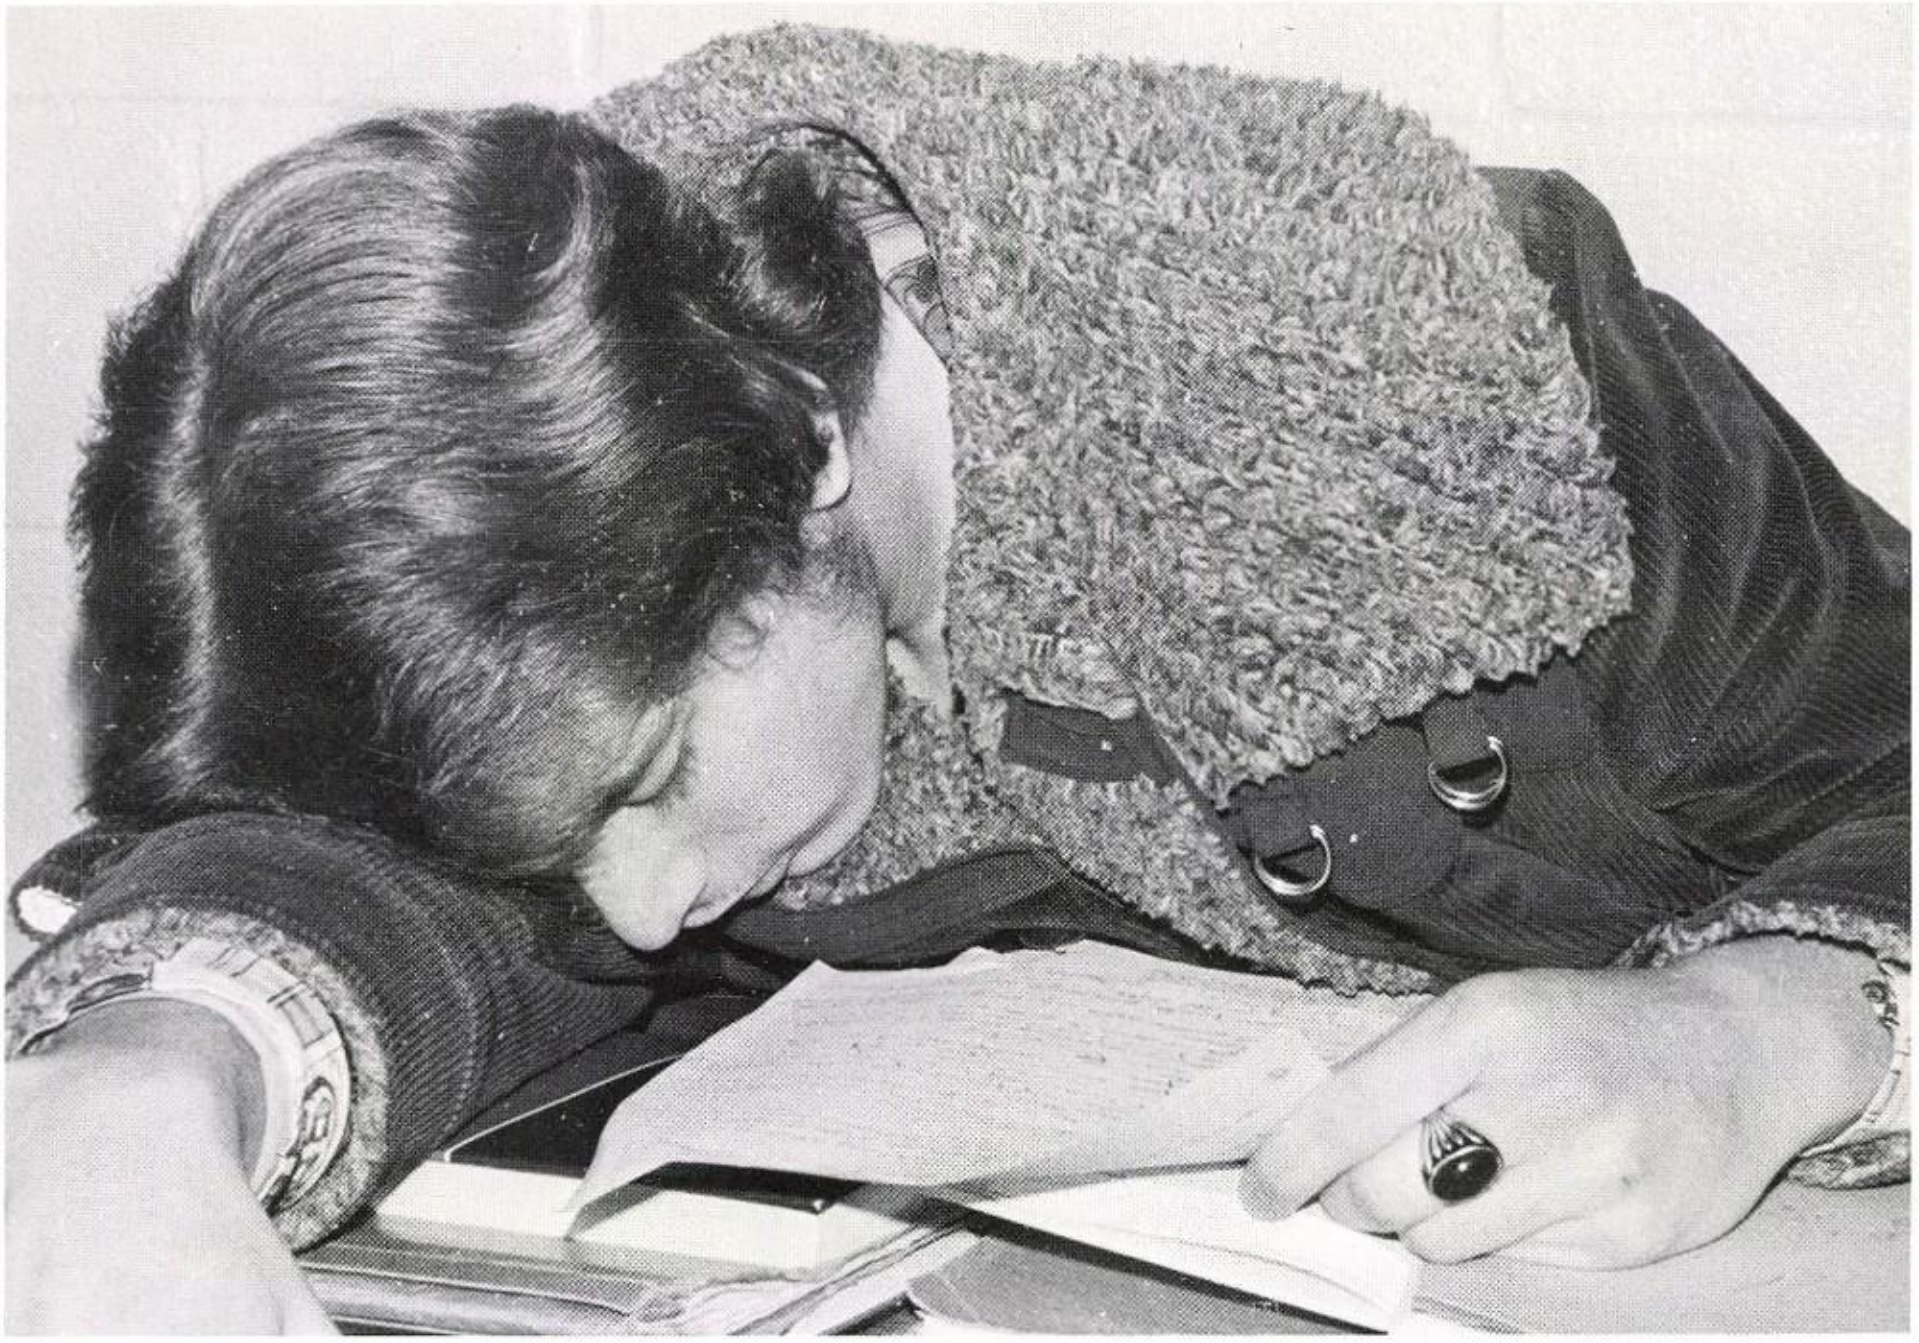


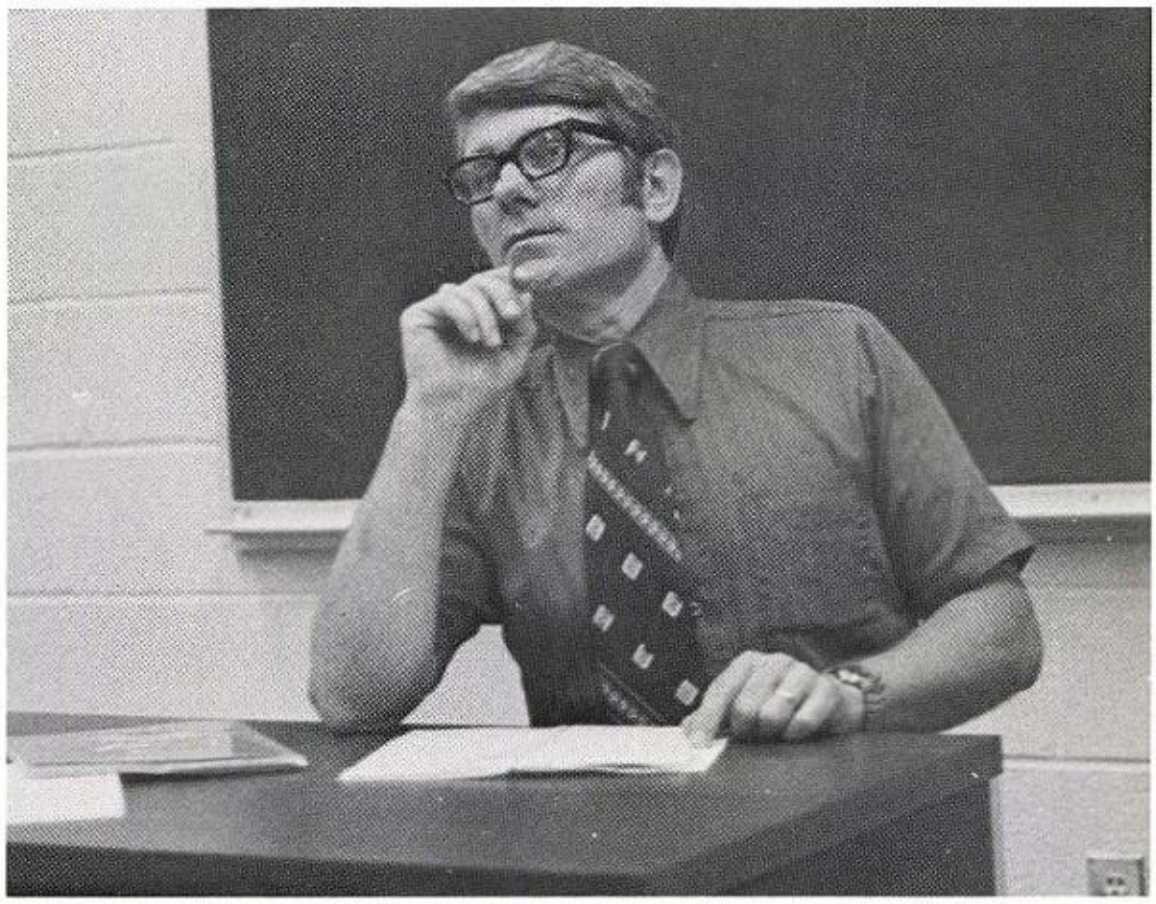


the morning rush

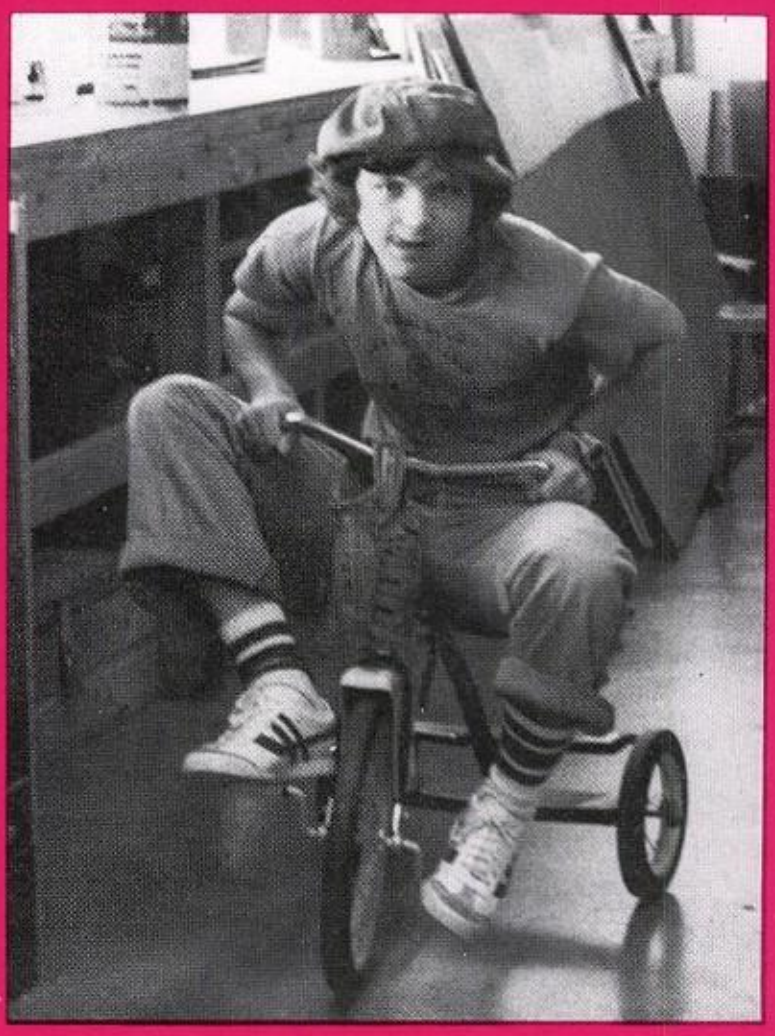


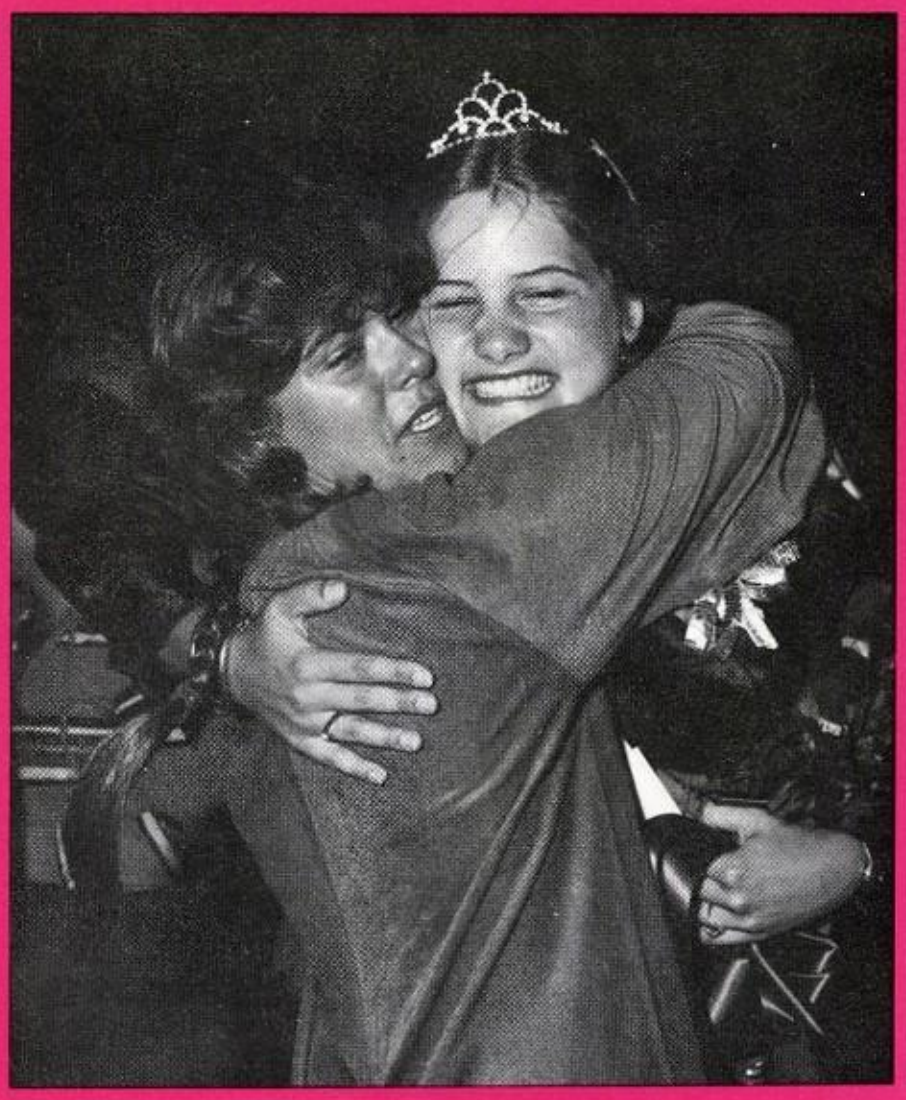
For most of us the day begins around 6:30 a.m. After two hours of getting the part in your hair straight, mascara unclumped, finishing last night's algebra, and choking down scrambled eggs, it is finally time to leave for school. For many students it is hard to get going in the morning . . . especially Monday morning. However, there are those who are so cheerful in the morning that it bewilders those who are not excited that it is the beginning of another day. Once in the halls, one can hear the latest happenings. After the 8:05 bell rings there is little effect on the students gathered at the doors of classrooms. But as the 8:10 bell rings students scurry into their rooms and slide into their seats. After roll call the real school day begins. As first period progresses, it is easy to figure out which students worked late last night or watched Clark Gable on the late movie. Heads begin to nod and sleepy-eyed students try inconspicuously to hold their eyelids open. Many students however, just give up all efforts to remain awake and succumb to glorious sleep.





homecoming:
a time of wonder



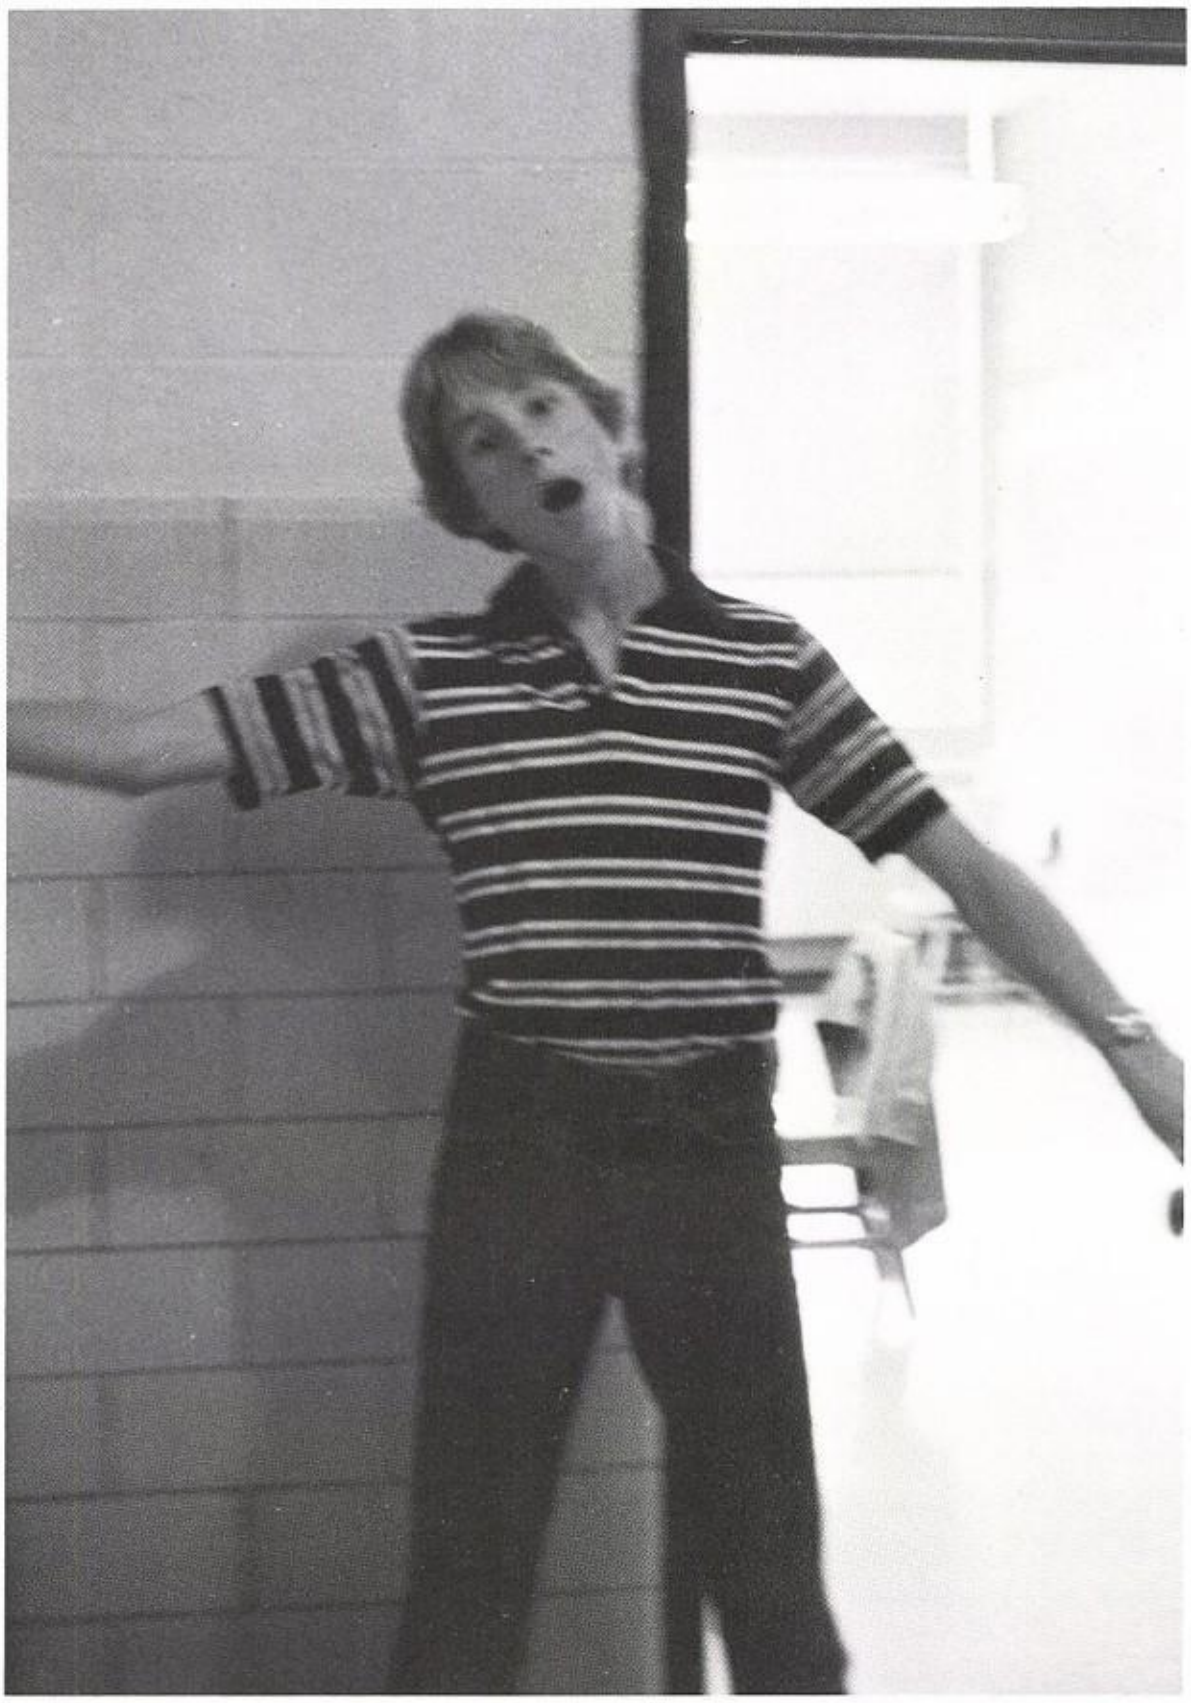


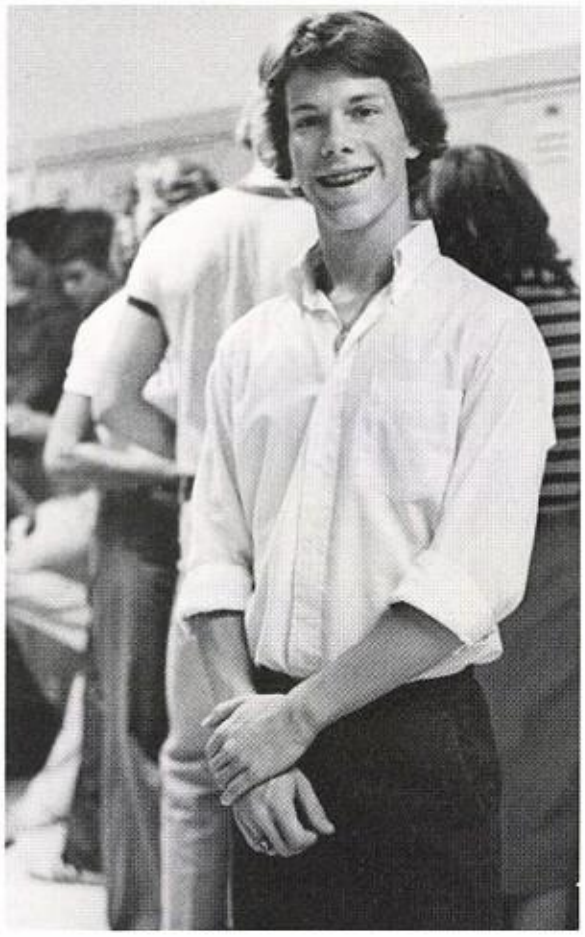
the 3:20 syndrome

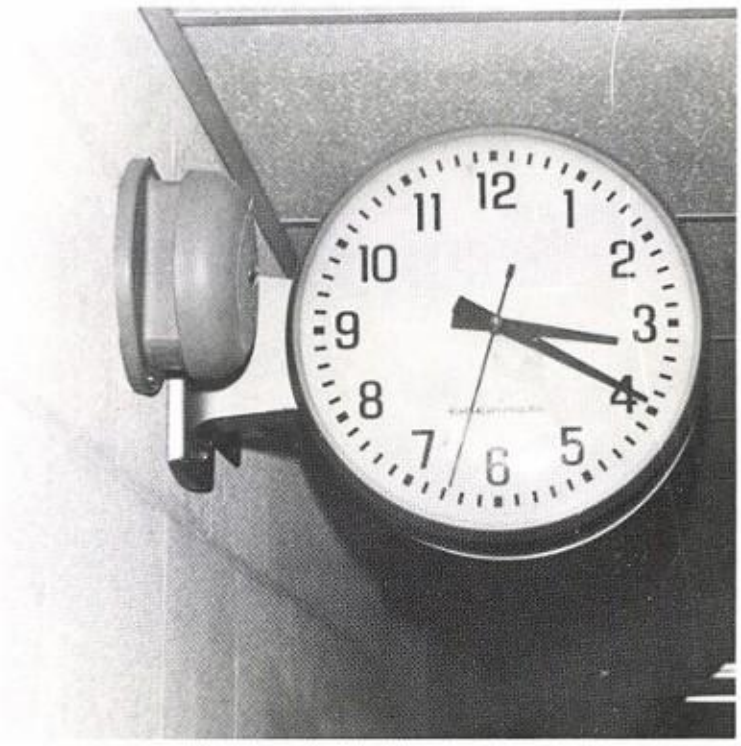
After lunch, time slows down. Every student is waiting for the 3:20 bell to release him from his sixth period class. As the time for this long-awaited bell draws near, the natives get restless in their desks. Teachers stand amazed at how dead the students looked in class and how these same students begin jumping hurdles the second the bell rings. Yes, it is true. These poor students have been victims of that horrifying disease, "The 3:20 Syndrome." The symptons are very easy to diagnose if one knows what to look for. Here are some of the most common symptoms:

1. Tight tummy
   (caused from eating too much lunch)
2. Drowsiness
   (definitely too much chicken noodle soup)
3. Backache
   (resulting from slouching in chapel)
4. Shortness of Breath
   (From running to Mrs. Bond's class from the auditorium via your locker, after talking to that great looking blond after chapel)
5. Sweating
   (a side effect caused by remembering that you had an English theme due today and an advanced math test this period)
6. Headache
   (beginning at 12:10 and ending at 3:20)

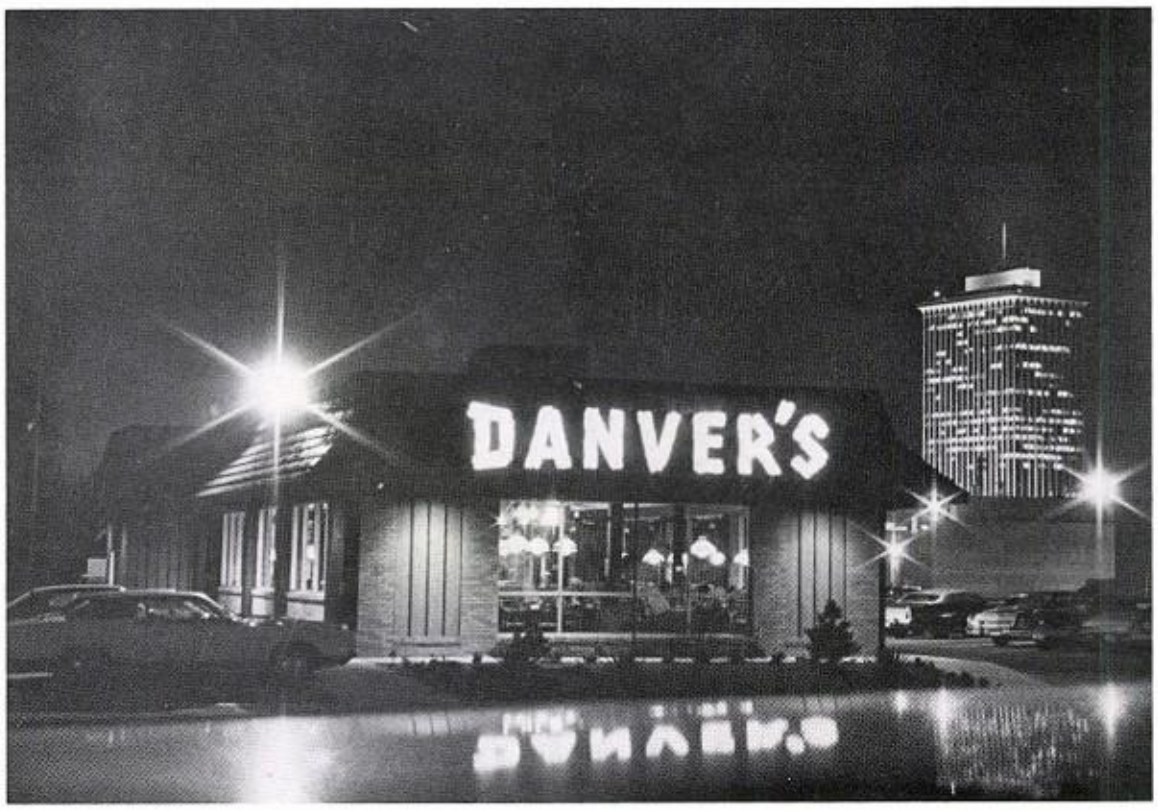
After excessive study of this strange disease, it seems that students are not the only victims of this mystifying syndrome. A teacher recently disclosed that he had also suffered from several of these symptoms. It seems that there are no ways for students or teachers alike to be immune to "The 3:20 Syndrome", so just sit up straight and don't eat too much chicken noodle soup and you will be able to sweat this thing out.







watch out for those night moves!



Nights are an important time to Harding students. Nights are usually spent with special friends. On Friday nights after ball games, the crowd often goes some place to eat. Fast food places like Danver's, Wendy's, Krystal, and Steak 'n Shake are favorites.

Saturday nights are movie nights. Movie knockouts this year have been: "Star Wars," "Saturday Night Fever," "The World's Greatest Lover," "Heroes," and "Close Encounter of the Third Kind."

Concerts are another popular mode of entertainment among students. Memphis has been blessed this year by appearances of Ted Nugent, Styx, Foreigner, and Emerson, Lake, and Palmer.

More recently, Harding students have developed an interest in the theatre. Performances at Theatre Memphis, The Circuit Playhouse, and Playhouse on the Square have provided enjoyment in both comedy and drama situations.

After a busy week of eating out, going to movies, going to concerts, and spending an unpredictable evening at the theatre, one's financial resources can be quite drained. This poor feeling usually gives way to the most popular entertainment of all, watching television.

Lions Struggle

The Harding Lions started the football season against White Station. The Lions stayed with the Spartans for the whole game but were defeated 14 to 0. Trezevant was Harding's first victim with a win of 13 to 8. Homecoming week came to a climax with the Memphis Prep game. The Lions fought hard but were defeated 27 to 6. In overtime, SBEC fell to Harding 11 to 9. Even though the football team did not win the majority of its games, students still came out and supported the team.

Talent Wins Trip To Europe

Experiencing London, Amsterdam, Florence, Venice, Paris, and New York was an honor received by Steve Russell. He went with the All Students Groups, U.S.A. Of all the students who auditioned only three people were chosen from Tennessee. The highlights of the trip were performing in the Oval Hall in Sheffield England; a sell-out concert in Slowgh, England; greeting the Princess Catrenia of Yugoslavia; and a concert in the "Hall of the Five Hundred" in Florence, Italy where kings and queens were once crowned.

Steve's participation earned him a college level 1/2 credit. Steve's talent has served him well.

Gymnastic Perserverance

One of the most flexible members of the senior class is Lori Fienup. Lori, who competes for Memphis Gymnastic School, went all the way to U.S. Gymnastics Federation Senior Advanced Competition at Arizona State University. She was one of two girls who advanced to compete from Tennessee. Devoting two to three hours a day to practice, Lori has given up many extracurricular activities at school. Her dedication and ability is something for all students at Harding to look up to and strive for.

Robbie Rolls Her Way To Victory

Robbie Coleman, a sophomore, has been skating since she was 3 years old. Now she holds the first place title in the American Senior Ladies Singles division. With her partner, Patrick Jones, they won second place in the world senior division free-style team skating. The couple out-performed 58 teams from 20 different countries. Next year they hope to compete in the Pan-American games. The many sacrifices Robbie has made have paid off and it is certain she will continue to succeed.

All the dedication and hard work of long practices finally paid off as the Harding Harriers hurried across the finish line at the State Championship Meet to obtain a two-point victory over nine other teams. They are the first team in Harding's history to capture the state title in any sport. This was also the first time that the harriers have beaten MUS in a seasonal meet. For the second consecutive year Harding won the Shelby County Championship. Another first time victory came when the West Tennessee Regional first place trophy was handed to our fantastic runners.

FIDDLER ON THE ROOF

Harding Academy's 1977 fall musical was Fiddler on the Roof. It was the story of Tevye and his family living in a small town called Anatevka during the Russian Revolution. Each night of the three-night run was a full house. This play was considered the best and hardest that Harding has ever produced.

Weird Wednesday's Winter Weather

"It's snowing!" became a common expression this winter as snow fell eleven days in January and five days in February giving students and teachers ten days of unexpected winter vacation. Snow forced the closing of school on three consecutive Thursdays during January and many students were asking, "If this is Wednesday, can snow be far behind?"

The year started slowly as others have in the past, but the Student Council came through like always. One of the biggest things a student council can do is to help others in need. The Thanksgiving baskets were successful. The food was gathered and handed over to the State Department of Human Services. The Student Council Members sold Fund Checks to raise money for the school. The main function of the Student Council is to serve as an open line of communication between the administration and the students.

The Student Council officers are Mr. Chesnutt, sponsor; Rosie Reeves, secretary; Mr. Giesemann, sponsor; Alex Ivy, treasurer; Mark Taylor, president; Scotty Jones; vice president.

This year the Junior High Student Council, sponsored by Mrs. Cunningham, has done many things. They have helped raise money for the pep club activities. During Christmas they got together and made food baskets to give to elderly people. They have had movies and the money raised from the movies went to their end of the year party.

The Junior High Student Council officers are Diane Adkins, president; Connie Sharp, vice president; Lisa Cobble, treasurer; Lois Hensley, vice president.

Hard Work And A Long Wait

Deadline, overburn, crop, pica, theme, reverse print, duotone, and spot color were some of the things that the Shield staff began thinking about in June. Five members of the staff attended a yearbook workshop at the University of Central Arkansas during the summer and plans for the 1978 Shield were discussed and organized. Senior pictures were made during the summer months and the ad sales campaign was begun. From September through February the entire staff worked dilligently to put together a book that would portray the events of this school year.

Footprint Staff Meets Deadlines

The Footprint Staff's reason for existence is the production of the elementary yearbook. This annual covers the activities of all ten of Harding's elementary locations. The Footprint also includes the elementary's extensive athletic program. To prepare themselves for work on the book, several of the staff members attended a yearbook clinic in Conway, Arkansas during the summer. At this conference they learned much about yearbook production. This year's editior is Sharon Benson. Kim McLarty is assistant editor. Mr. Barry Lumpkin supplied the majority of the photographs.

Throughout the year each member has done his share, with the capable guidance of their sponsor Mrs. Ridings, to put out a paper full of entertaining and informative news for the student body.

Pep Clubs Support Junior Lions

The Junior High Pep Club, sponsored by Kay Pedigo, has about sixty members from grades seven and eight. The purpose of the club is to promote school spirit by supporting junior high sports events. During the fall the club sponsored a Spirit Week which was climaxed by a party at which the football teams were introduced and Mr. and Miss Spirit were crowned. The club also decorated halls for ballgames and Spirit Week, held a candy sale to raise money for projects, and sponsored a winter basketball party.

Bible Department

Once again this year the Bible Department sponsored the "Sixty Seconds" program. Dr. Bill Srygley, head of the Bible Department, wrote and broadcasted the program three times daily on QUAD 104. The students at Harding were involved in the program this year by giving up one coke per week and contributing one dollar at the end of each month. There was a great response from the students, and the fund-raising idea was very successful.

The band has done an excellent job this year under the direction of Barry Lumpkin. The band played at several pep rallies and football games, and participated in the annual Christmas parade held in downtown Memphis. The Acapella chorus has also done an outstanding job under the supervision of Jim Chester. Mr. Chester feels that this year's Acapella chorus is the best chorus Harding has ever had. The art department is a combination of the artistic talents of Max Newman and Reed Oliver. This is Mr. Newman's sixth year at Harding and Mr. Oliver's first. Some of the art projects the students have worked on are tee-shirt screening, leather crafts, and some students have painted different kinds of scenery on many of the Senior High walls.

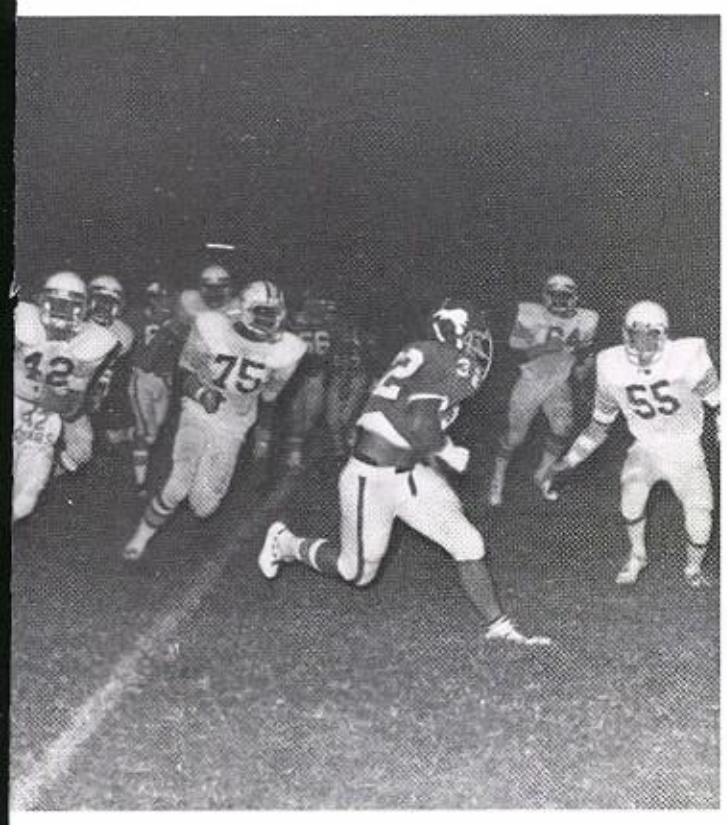
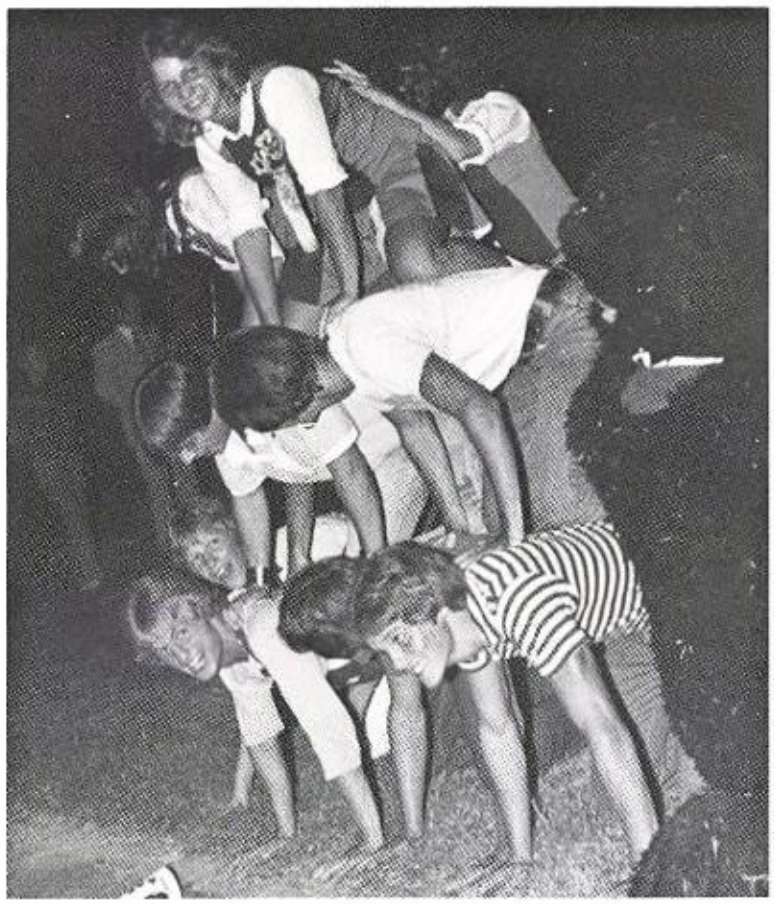
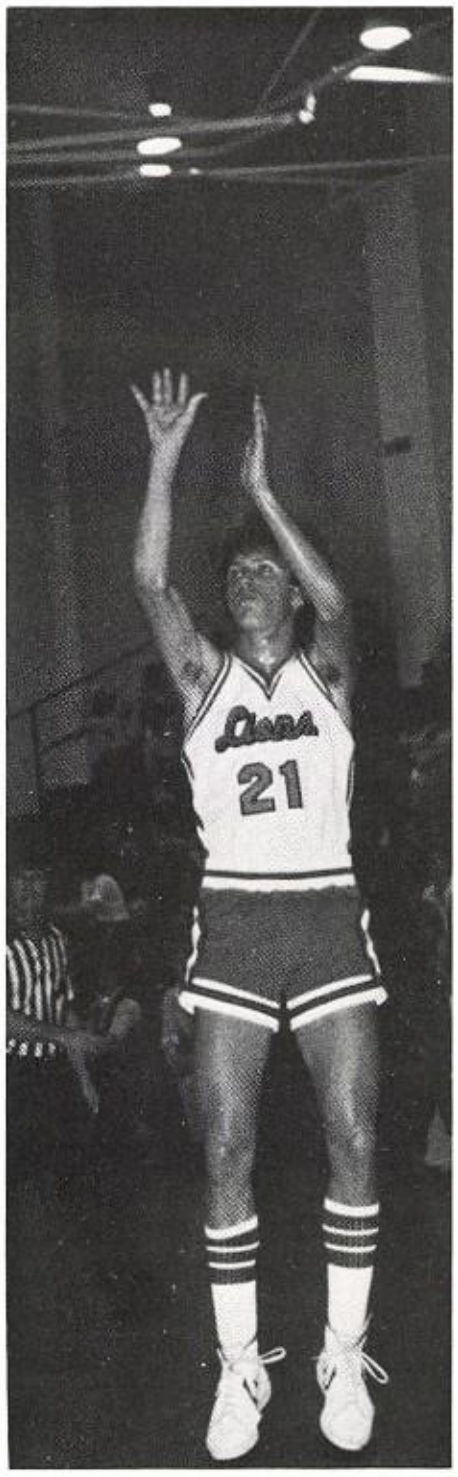
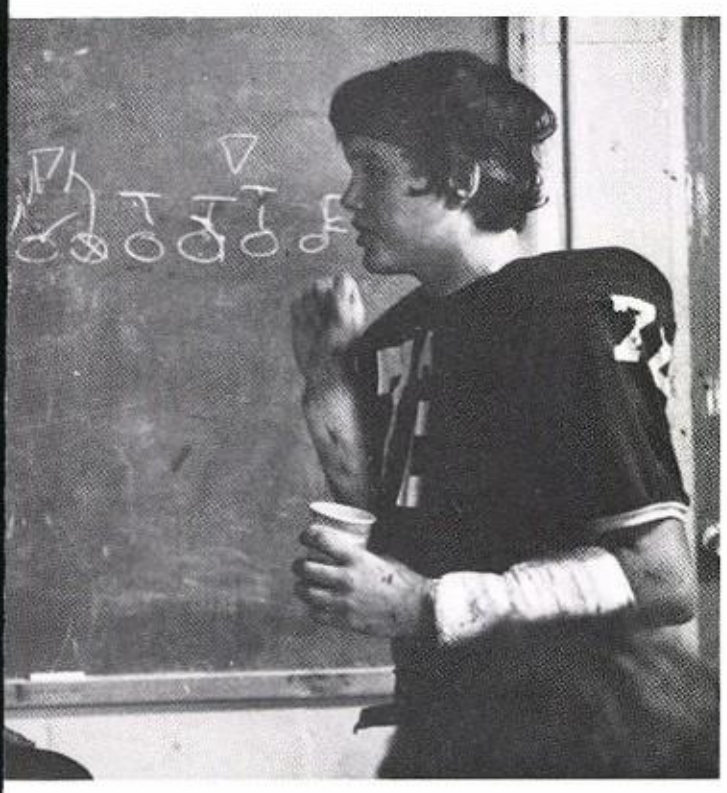
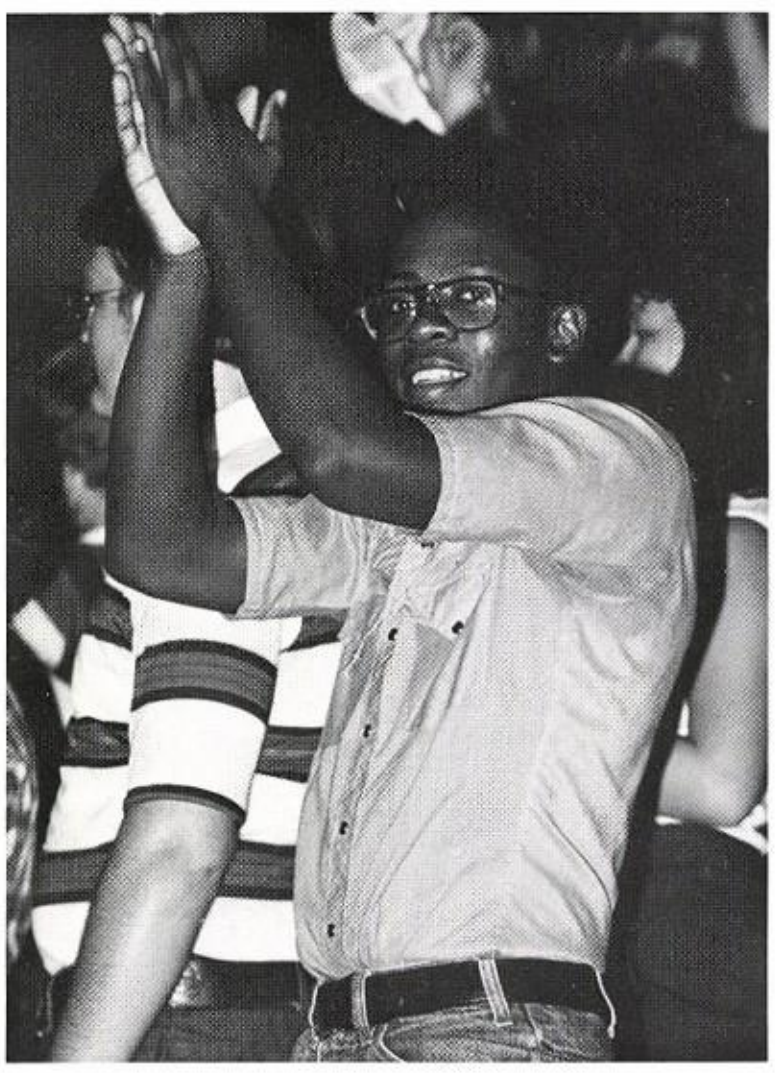
WRAP UP







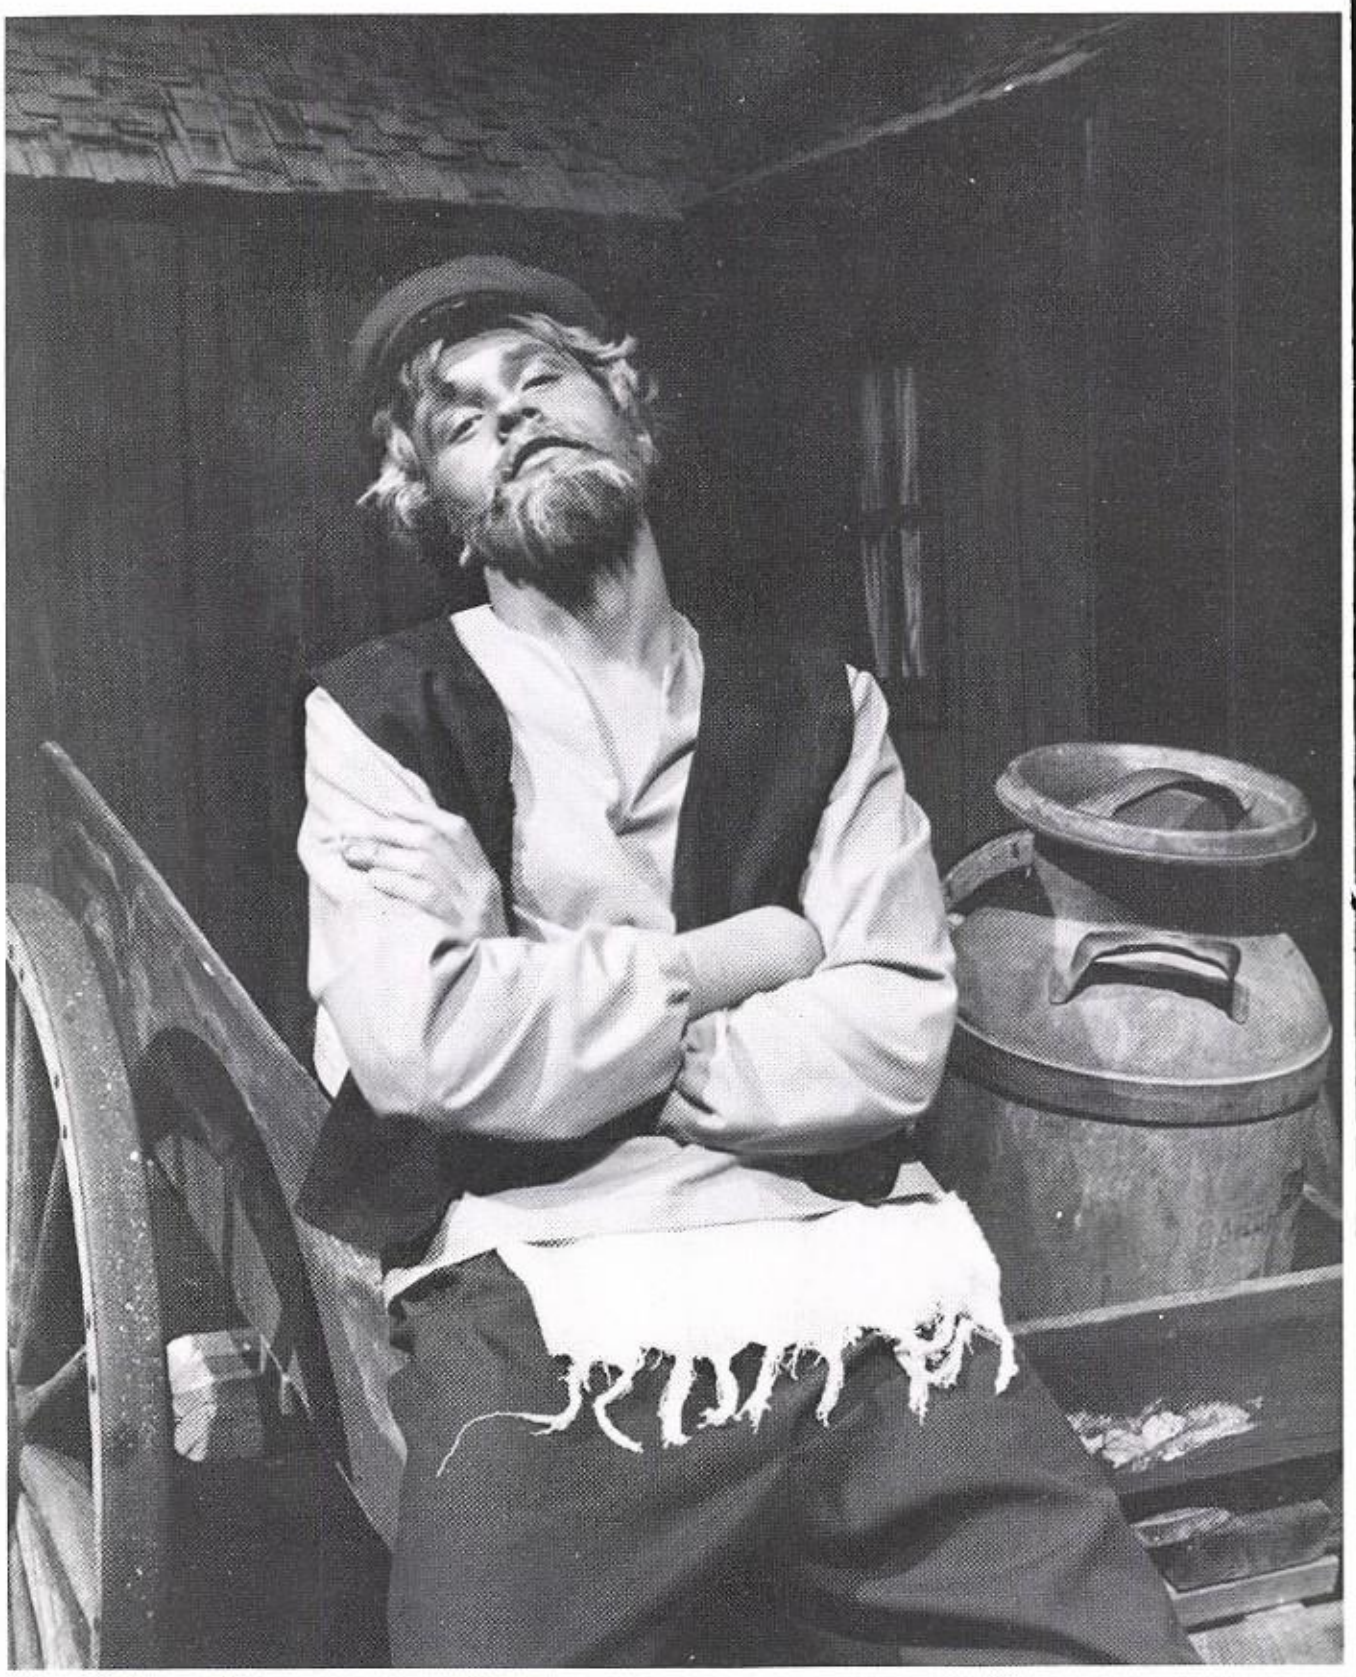


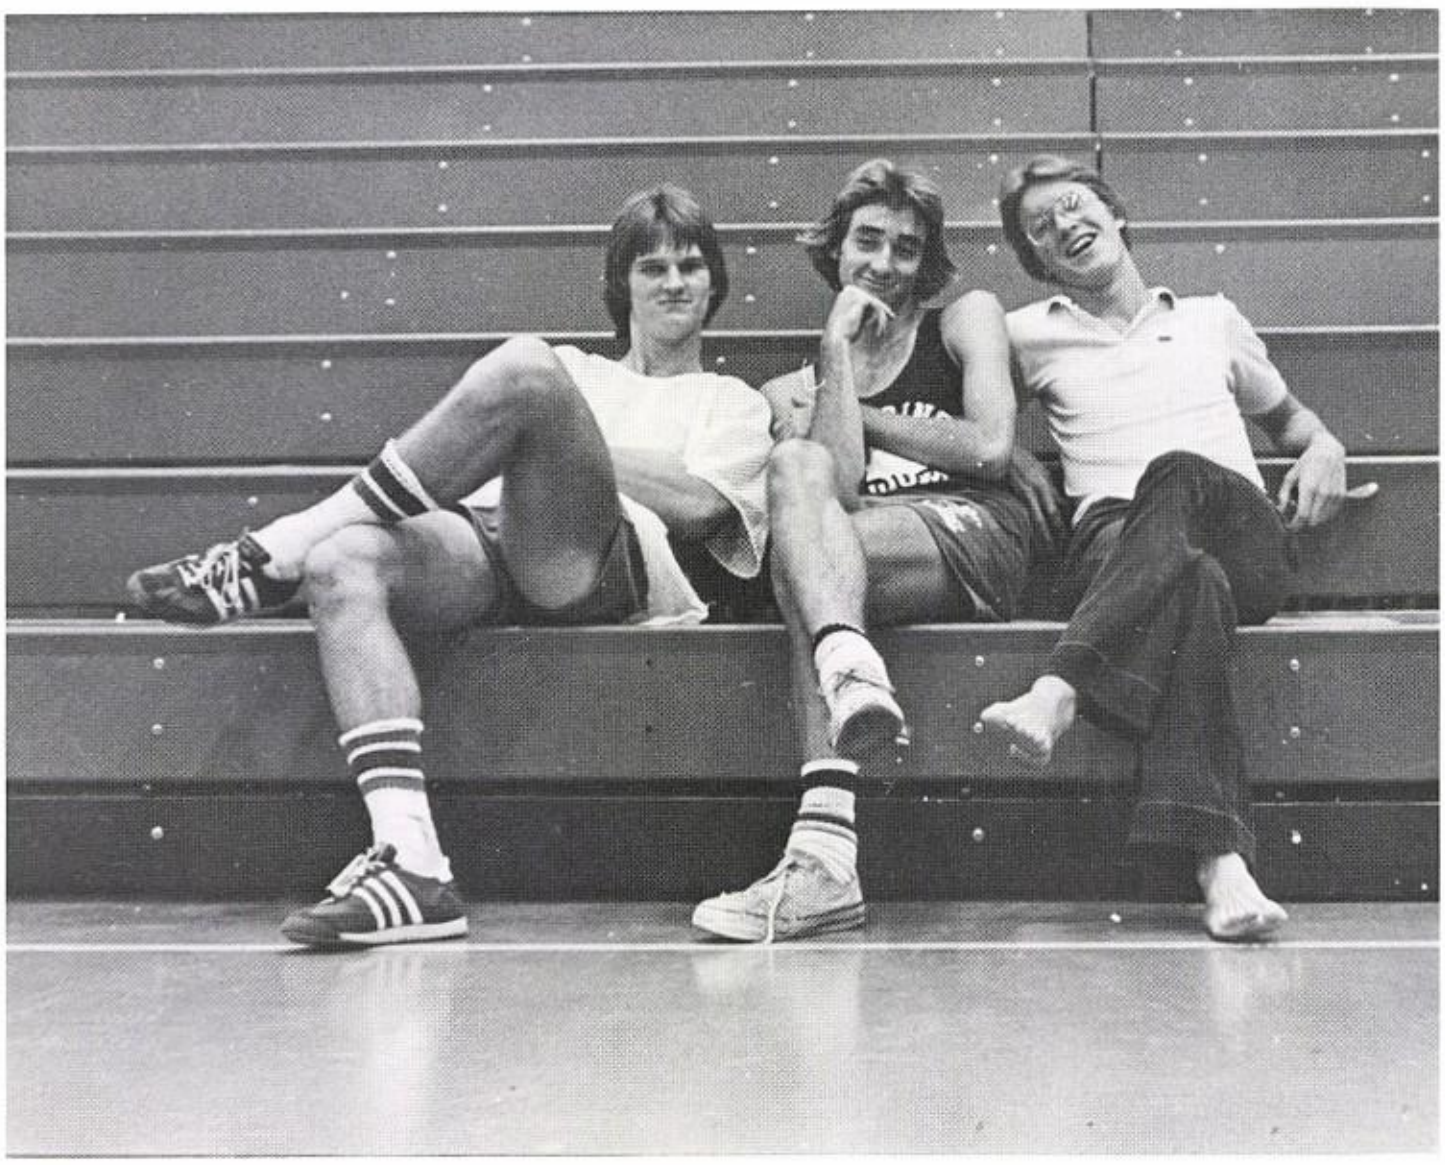


Look to this day!
For it is life,
The very life of life . . .

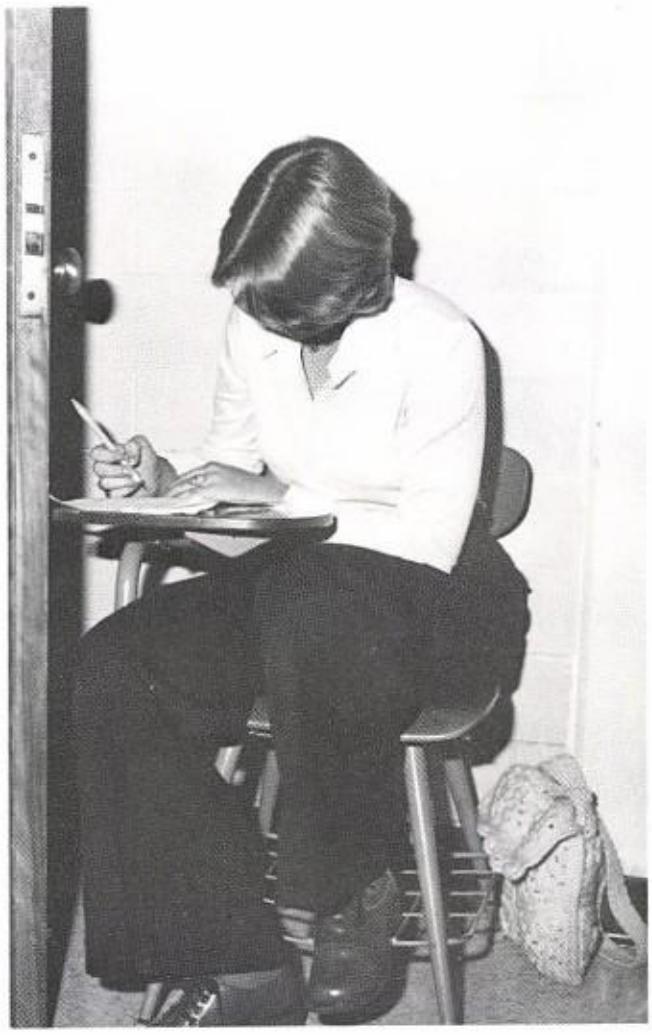
For yesterday
is already a dream,
and tomorrow
is only a vision;
But today, well lived,
makes every yesterday
a dream of happiness,
and every tomorrow
a vision of hope.

From the Sanskrit





You are
richer today than
you were yesterday
if you have laughed
often, given something,
forgiven even more,
made a new friend,
made stepping stones
out of stumbling blocks;
if you have thought
more in terms of
"thyself" than "myself,"
or if you have managed
to be cheerful
even if you
were weary.



This is the beginning
of a new day.
God has given me this day
to use as I will.
I can waste it
or grow in its light
and be of service to others.
But what I do
with this day is important
because I have exchanged
a day of my life for it.

When tomorrow comes,
today will be gone forever.
I hope I will not regret
the price I paid for it

Harding: The People Place

There are 2,841 of them — students, that is — here to prove it. They are distinct individuals, coming from 47 states and 24 foreign countries. Each brings his own personality, background, culture, ideas, aims and potential, and each learns from the other in broadening and strengthening his life.

Yet, they all have a lot in common. They have a common identity in unity; they have a common direction and goals; they have attitudes common toward searching for meaning in life.

The faculty plays a vital role. Individually, the professors strive to give students an education of high quality which will lead to a philosophy of life consistent with Christian ideals. They aim to develop a solid foundation of intellectual, physical and spiritual values upon which students may build useful and happy lives.

Come join the people at Harding College. You'll be glad you did.

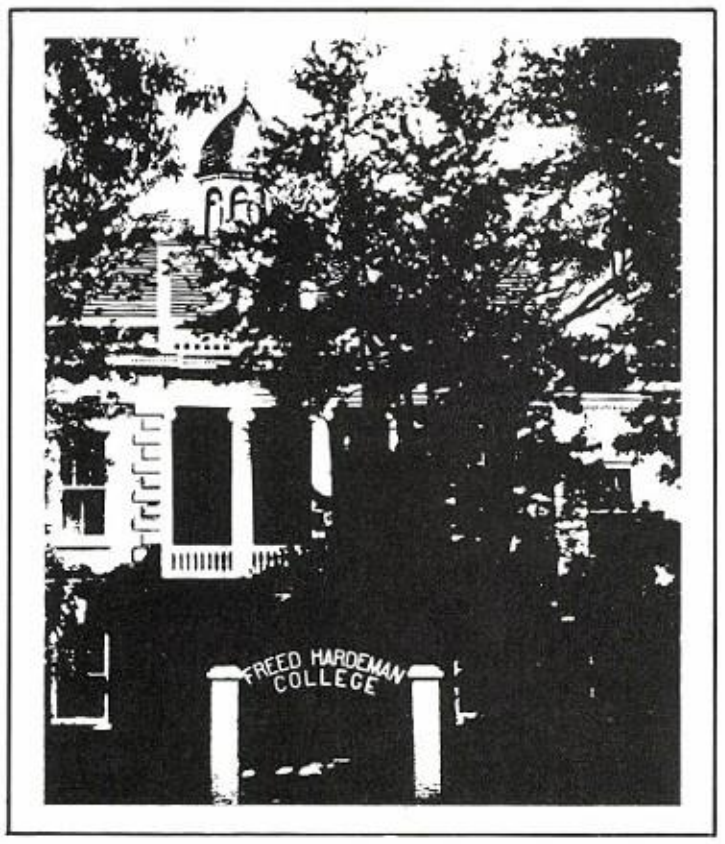
Worth Checking Into!



Freed-Hardeman College
Henderson, Tennessee 38340
(901) 989-4611

Morrissa Watson, Sebree, NY and Richard Hankins, Moss Point, MS are high school students and college students. Both completed their junior years in high school and chose to enter F-HC during the summer of 1977 as early admission students.

"After we saw the facilities, talked with the teachers, and became acquainted with the students, we knew we wanted to come here," they agreed.

"I have not been disappointed," Morrissa added. "I know I will be back in the fall of 1978. F-HC is home to me now."

In addition to testing life away from home and the benefits of college activities, they've earned college academic credits in courses such as general psychology, speech communication, fundamentals of mathematics, and weightlifting. More over, both Morrissa and Richard earned roles in the summer dramatic production,"The Importance of Being Earnest."

"Working out with the tennis team also helped me to get my game ready for varsity competition back in my high school," Richard said.

Worth Checking Into! is our colorful admissions catalog that will give you a rundown on academic offerings and student life at F-HC. It is free from our Office of Admissions and Records.

F-HC has something to offer you—whether you are a high school student thinking about the early admissions route or a high school graduate planning a college program. Write us, call us at 901-989-4611, or better yet, come check us out!

Dear Readers,

I hope that you have enjoyed the SHIELD 1978. I have strived to make this the best book yet by adding more entertaining features and using more graphics. The goal of SHIELD 1978 is to project a clear picture of student life as nearly as possible.

This year I have learned many things and among the most important of these is editing a yearbook is not an easy job. It demands almost as many hours of work as regular school work requires. This job cannot be described to you unless you have worked on a publication staff and you have felt ten tons of pressure on your shoulders. For two years I have worked on the staff under the direction of Mrs. Cathy Donaldson. Until this year I did not know the immense pressure of being the advisor of the SHIELD was so great. Instead of me relieving her when I became editor, she usually ended up comforting me. She not only pushed to get layouts done, but she was up late at night to finish those layouts that needed to be completed. Mrs. Donaldson has really meant a lot to me this year. While I was unable to attend school due to a car wreck, she made countless trips to my house bringing me pictures and other material that I needed to complete six pages that otherwise would have been left for me to do upon my return.

An annual would not be complete without its pictures. A very special thanks belongs to the Supervisor of Photography, Mr. Reed Oliver. Because of the excellent job he did the quality of pictures used in SHIELD 1978 is better than those used in years past. My main photographer was Bobby Davis, who missed many lunches and after-school snacks on behalf of this annual. Also I would like to thank my other photographer, Lee Ann Mitchell who was there when I needed her. Also, Holland Studio of Photography, Inc. whose photographer Jay Shappley, was indispensible for many pictures, including special color shots. Another thanks goes to Mr. Lumpkin for his color works.

I would sincerely like to express unlimited thanks to my teachers for being patient with me during this year, especially before deadlines. Also I would like to thank those teachers that aided the annual staff by giving us information and allowing us to use their classes in voting for Mr. and Miss Harding, Class Favorites, and Senior Superlatives. Thanks to helpful sponsors, the club section was complimented by detailed copy. Without harmony of the faculty, administration, and students, this book's goal is useless.

Behind every yearbook is a wonderful staff. This year we had an exceptional staff, considering that they were all rookies. On November 15, we had an overwhelming 84 pages at the publisher and by December 15, we were ahead of schedule by 16 pages, which totaled approximately one-half of the book. Because of foul weather and misunderstanding with our company representatives, our January shipment went to press late, but an early final shipment brought the book through on time.

Very extra-special thanks go to Ed Smith for writing the history of the school on pages 6-7 and Mr. Max Newman for advising me about the title page.

I would now like to thank you students for making this year a year that I could really get excited about. This has truly been a great year for me and I have tried to convey my excitement to you in this book. I would like to thank those that listened to me talk about this book when everyone else closed their ears. When something as big and exciting as this yearbook steps into your life, it is really hard not to think about it all the time. This annual is very special to me and I really feel honored to have been chosen to be editor of SHIELD 1978. I hope this annual will prove to be very special to you also.

Sincerely yours,

Phyllis Argo
